RE: Additional Request for Assistance  
Explo Systems, Inc.  
Camp Minden Training Site

Dear Mr. Gibbs:

As outlined in my December 12, 2012, correspondence, the Louisiana State Police, Emergency Services Unit along with our federal, state and local emergency response partners continue to work this threat to public safety. As per your email to DCT John Porter on December 21, 2012, you asked what additional support may be needed to help mitigate this event. We are truly appreciative of your inquiry and therefore, respectfully request your consideration in providing the following assets:

- Certified licensed personnel, qualified to work directly with this material
- Box/Van tractor/trailer with qualified operators
- Identify additional, serviceable storage locations, if and when needed
- Continued assistance of the U.S. Army's Joint Munitions Command technical experts

Thank you in advance for your consideration.

Sincerely,

A handwritten signature in blue ink, appearing to read "Taylor Moss".

Captain Taylor Moss  
Louisiana State Police  
Emergency Services Unit
